# HORSE HERO PACKAGES

Our highly trained staff and equine partners at Horses for Healing, create a unique, equine-based, wrap-around approach to fostering healing for our clients and their families. Pairing each client service with the horses aids in opening communication, learning empathy, increases self awareness, and provides the bridge to ultimate and lasting recovery.

The multitude of benefits the equines add to these programs are immeasurable. As a 501(c)(3) nonprofit organization, Horses for Healing depends on the generosity of donors like you to help cover the costs of keeping a horse herd on staff and providing them with the exemplary care they deserve. We believe the true equine "therapists" are a vital part of our services and what foster long-term healing.

Our four-legged staff members make a huge difference in the lives of our clients, THANK YOU for making a difference in theirs.

Each level provides the outlined care for one horse.
